Johnsie,

I think this is being routed through Region 4 now. We should talk about this went you get a chance.

Thank you,

Andy

**Subject:** GenX Wilmington Water

Hi Andy,

The following article says this:

"A spokesperson for Brunswick County Public Utilities said they are considering means for testing for GenX, but there appears to be no commercial labs immediately available to perform the test."

Can we contact them and tell them we will test their drinking water?

Thanks,  
Johnsie
